Welcome to the Every Child Ready @ Home Counting Objects Learning Plan! Here, you will find activities designed for your young learner to continue their practice in specific subjects and skills. This plan will focus on the math! Try all of the activities or pick those that work best for your family.

Visit AppleTree’s Distance Learning Page and social media regularly for additional resources and updates.

Getting Started:

Using the Overview
Activities are organized by lesson. You can scroll through lessons or click directly from the overview page.

Accessing Helpful Resources
Within lessons, you’ll find helpful links to additional resources, such as activity videos and examples.

Let’s Get Started!
Math: Counting Objects

Your child may be learning to count up to 5 or 10 objects. The Counting Objects Plan helps your child practice saying a number for each item. You can have your child count different things, such as shoes, rocks, or books, as they place them in a container. Look for items inside or outside of your home for them to count! You can try each activity for two to three days for extra practice.
Math: Counting Objects

Count 1 to 5 - Blocks

MATERIALS: 5 blocks or other objects in a bag

- Say, Let’s count and say a number for each block!
- Show your child how to count as you take each block out.
- Have your child count as they put the blocks back into the bag.
Count 1 to 5 - Books

MATERIALS: 5 books or objects in a bag

- Say, Let’s count and say a number for each book!
- Show your child how to count as you take each book out.
- Have your child count as they put the books back into the bag.
Count 1 to 5 - Buttons

MATERIALS: 5 buttons or other objects in a container

- Say, **Let’s count and say a number for each button**!
- Show your child how to count as you take each button out.
- Have your child count as they put the buttons back into the container.
Count 1 to 5—Rocks

**MATERIALS:** 5 rocks or other objects in a box

- Say, *Let’s count and say a number for each rock!*
- Show your child how to count as you take each rock out.
- Let your child count as they put the rocks back into the box.
Count 1 to 5 - Markers

**MATERIALS:** 5 markers or other objects in a container

- Say, **Let’s count and say a number for each marker!**
- Show your child how to count as you take each marker out.
- Have your child count as they put the markers back into the container.
