Welcome to the Every Child Ready @ Home Expression Learning Plan! Here, you will find activities designed for your young learner to continue their practice in specific subjects and skills. This plan will focus on the math! Try all of the activities or pick those that work best for your family.

Visit AppleTree’s Distance Learning Page and social media regularly for additional resources and updates.

Getting Started:

Using the Overview
Activities are organized by lesson. You can scroll through lessons or click directly from the overview page.

Accessing Helpful Resources
Within lessons, you’ll find helpful links to additional resources, such as activity videos and examples.
Expression

Your child is still learning language skills. The Expression Plan has fun activities to help them learn to describe things. You can teach these activities for several days to give your child extra practice!
Describe - Big or Small?

- Help your child learn to describe by size. Place two objects side-by-side.
- **Tell me about what you see. Which one is big? Which one is small?**
- Repeat with different objects.
Describe - Rough or Smooth?

● Help your child learn to describe by touch. Place a rough object in a bag.
● Put your hand in the bag and tell me what you feel. Is it rough or smooth?
● Repeat with a smooth object.
Describe - In or On?

- Help your child learn to describe the location of things. Place a toy in or on different objects. *Where is the car?*
- *Is the car on the chair or in the chair?*
- You can also place the car in or on a box or bag.
- *Is the car in the box or on the box?*
Describe - Sweet or Salty?

- Help your child learn to describe the taste of things. Allow them to taste various foods. Ask, *Is it sweet or salty?* Or, ask, *What does it taste like?*
Describe – Loud or Quiet?

- Help your child learn to describe the sound of things. Allow them to hear various sounds. Play sounds from a smartphone or computer. Or, make the sounds. Tell me about what you hear. Is it loud or quiet? What does it sound like?
